AYER'S

CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Of all the numerous medicines extant—and some of them invaluable—for the cure of pulmonary complaints, nothing has ever been found which could compare in its effects with this Preparation. Others cure sometimes, but at all times and in all diseases of the lungs and throat where medicine can give relief, this will do it. It is pleasant to take, and perfectly safe in accordance with the directions. We do not advertise for the information of those that have tried it, but those who have not. Families who have known its value will not be without it, and by its timely use, they are secure from the dangerous consequences of Coughs and Colds which neglected, ripen into fatal consumption.

The Diploma of the Massachusetts Institute was awarded to this preparation by the Board of Judges in September 1847; also, the Medals of the three great Institutes of Art in this country, also the Diploma of the Ohio Institute at Cincinnati, has been given to the Cherry Pectoral, by their Government in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Throat.

Read the following opinion founded on the long experience of the eminent Physician of the Port and City of [illegible] ST. JOHNS, May 8, 1851.

Dr. J. C. Ayer—Five years trial of your CHERRY PECTORAL in my practice, has proven what I foresaw from its composition, must be true, that it eradicates and cures the colds and coughs to which we, in this section, are peculiarly liable.

I think its equal has not yet been discovered, nor do I know how a better remedy can be made for the distempers of the Throat and Lungs.

J. J. BURTON, M. D., F. R. S.

See what it has done for a wasted constitution, not only in the following cases, but a thousand more:

[illegible], Jan. 21st, 1851.

Dr. Ayer—In the month of July last I was attacked by violent Diarrhoea in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My Diarrhoea ceased, but was followed by a severe cough—and much soreness. I finally started for home, but received no benefit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. [illegible] I must confess that I saw no sufficient reason to doubt what my friends all believed. At this time I commenced taking your truly invaluable medicine with little expectation of deriving any benefit from its use. You would not receive these lines did I not regard it my duty to state to the afflicted, through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your Cherry Pectoral.

Yours truly, WILLIAM W. SMITH.

WASHINGTON, Pa., April 12, 1848.

Dear Sir,—Feeling that I have been spared from a premature grave, through your instrumentality by the providence of God, I will take the liberty to express to you my gratitude.

A cough and the alarming symptoms of Consumption had reduced me too low to leave me anything like hope, when my physician brought me a bottle of your "Pectoral." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health.

If it will do for others what it has for me, you are certainly one of the benefactors of mankind.

Sincerely wishing you every blessing, I am Very respectfully yours,

JOHN J. CLARKE, Rector of St. Peter's Church.

With such assurance and from such men, no stronger proof can be adduced unless it be from its effects upon trial.

25,000 Sold per Year!
The Unsurpassed and Unsurpassable
Bay State Stove,
OF SIX SIZES, of heavy and smooth castings—price from $15 to $50—celebrated for its whole cooking apparatus, carrying off the smoke in broiling, and not to be exceeded in baking, frying, boiling, &c., &c., or in durability and economy—may be had, as heretofore, at the well known and long established

Stove, Furnace and Range DEPOT,
Nos. 80 & 82 MAIN STREET, and 2 and 4 WALL STREET, OF
N. JOHNSON,
Who is SOLE Agent, and always has been, for this market, for the sale of the celebrated Stove above named, of which 25,000 were sold the past year, and of which some 30,000 will not be more than sufficient to supply the demand the present year.

The **BAY STATE** is sold and warranted as usual. Returned after an unsatisfactory trial of 30 days, the price paid will be refunded, together with interest and cost of returning.

Persons purchasing the BAY STATE and desiring repairs, are not subjected to the trouble of sending to Rhode Island or New York for castings, nor to wait in Bangor for them, AS I HAVE THEM ON HAND!

A CHALLENGE OF $50
is proposed, that 20 Stoves of six sizes, of any other pattern than the BAY STATE, (for which I am sole Agent,) cannot be produced which will compare with the 50 I now have on hand, in thickness and smoothness of Castings, or in facility and capacity of broiling, baking, boiling, or other cooking requisite.

☞ The public are specially requested not to mistake a Stove called the "IMPROVED" BAY STATE, which is a cheaper and inferior article, of thinner and less durable castings, and which is sometimes advertised without the word (improved) as a prefix, for the original and genuine BAY STATE, which has been so generally and thoroughly tested and admired.

All other kinds of STOVES constantly on hand, as above, which will be sold at reduced prices.

JAMES FREDERICK FOSTER
MANUFACTURER OF
Ratchet and Spiral Trusses,
467 Washington Street, 467,
BOSTON.

ALL the various approved trusses constantly for sale. Ladies waited on by Mrs. CAROLINE D. FOSTER, who has had twenty years experience in the business.

Strangers in the city, will please to take notice the odd numbers and the even numbers are on opposite sides of the street, it being 416 opposite to the subscriber's residence 467, where he will keep a full supply of Ready Made Trusses for Gentlemen and Ladies, Youths and Infants. Abdominal Supporters of five or six different kinds, and such as Hull's, Chapin's Spinal, Cutter's, Fitch's, Ingall's, &c., &c.

☞ Ladies waited upon by Mrs. Caroline D. Foster at the above place.

The following certificate from Dr. John C. Warren of Boston, was given 16 years since, but will last forever:

Boston, January 7, 1835.

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skillful workman in accommodating trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr. J. F. Foster, to supply the deficiency occasioned by the death of Mr. Beath. After some months of observation of his work, I am well satisfied that Mr. Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to those important articles.

JOHN C. WARREN, M. D. Boston.

CERTIFICATE.—The following certificate is from Professor Stuart, of Andover Theological Seminary.

The undersigned having occasion to employ Mr. J. Frederick Foster, of Boston, in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons, as may be afflicted with that and similar complaints. Mr. Foster's success in the manufacture and adapting them to the body, giving ease and comfort to the wearer, surpasses (as far as our experience goes,) any other manufacturer of the article.

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr. J. C. Warren, as a sufficient guaranty for all who may favor Mr. F., that his instruments will give entire satisfaction, and he will satisfy all reasonable demands for an equitable compensation. M. STUART.

Great American Remedy,
FOR COLDS, COUGHS, ASTHMA, CROUP, AND CONSUMPTION.
WHY, Invalids, do you almost invariably overlook the very best remedy for your complaint, in search of something with a foreign or mysterious, or prackjaw name? Half of them are made by quacks, or persons having not a tithe of the scientific and practical knowledge, either of medicines, or of the human system, of the author of the above medicine. For dry, hard coughs, and for children with severe stuffed colds, or with croup, it is invaluable, and I challenge a trial of effects with any Indian, Egyptian, Arabian, English, French, German or any other foreign or domestic preparation, which is now offered to the public for sale, in all the cases for which it is recommended. It was used by Doct Mably Hardy, its author, for many years with great success.—More than twenty thousand have tried it; and all commend it, then why look farther?

BY AUTHORITY.

LAWS OF THE UNITED STATES,
Passed during the First Session of the Thirty-first Congress.

[PUBLIC ACT—No. 45.]

AN ACT to provide for executing the public printing, and establishing the prices thereof, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the joint resolution entitled "A Joint Resolution directing the manner of procuring the printing for each House of Congress," approved August third, eighteen hundred and forty-six, be, and the same is hereby, repealed.

SEC. 2. *And be it further enacted,* That there shall be a superintendent of the public printing, who shall hold his office for the term of two years, who shall receive for his services a salary of twenty-five hundred dollars per annum, and who shall give bond with two sureties, to be approved by the Secretary of the Interior, in the penalty of twenty thousand dollars, for the faithful discharge of his duties under this law. This said superintendent shall be a practical printer, versed in the various branches of the arts of printing and book binding, and he shall not be interested directly or indirectly in any contract for printing for Congress or for any department or bureau of the Government of the United States. The first superintendent under this law shall hold his office until the commencement of the thirty-third Congress, and those persons subsequently appointed shall hold their offices for two years, commencing with the first day of the session of each Congress.

SEC. 3. *And be it further enacted,* That it shall be the duty of said superintendent to receive from the Secretary of the Senate and Clerk of the House of Representatives all matter ordered by Congress to be printed, and from the several chiefs of departments and heads of bureaus all matter ordered by them respectively to be printed at the public expense, and to keep a faithful account of the same, in the order in which the same shall be received, in a book or books to be by him kept for that purpose. He shall deliver said matter to the public printer or printers in the order in which it shall be received, unless otherwise ordered by the Joint Committee on Printing. He shall inspect the work when executed by the public printer or printers, and shall record in a book or books to be by him kept for that purpose, the dates at which the returns of said work are made, and whether the same is executed in a neat and workmanlike manner, upon the paper furnished, to the public printer by said superintendent, and the amounts allowed by said superintendent for the said printing. It shall be his duty to supervise the execution of the public printing, to inspect the work when executed, and to see that the same is done with neatness and despatch; to report every failure or delinquency of duty on the part of the public printer, and from time to time to report the said delinquencies to the Joint Committee of Congress on Printing. He shall issue his certificate for the amount due to the public printer for such work as shall have been faithfully executed, which certificate shall be made payable to the public printer at the Treasury of the United States; and shall not be negotiable or transferable by endorsement or delivery to any third party. Said certificate of the superintendent shall be a sufficient voucher for the comptroller to pass, and for the treasurer, upon the order of the second comptroller, to pay the same.

SEC. 4. *And be it further enacted,* That it shall be the duty of the said superintendent of the public printing to advertise annually in one or more newspapers of general circulation in the cities of Boston, New York, Philadelphia, Baltimore, Washington, New Orleans, Louisville, and Cincinnati, for the space of sixty days prior to the first of December, for sealed proposals to furnish the Government of the United States all paper which may be necessary for the execution of the public printing, of quality and quantity to be specified in the said advertisements from year to year. He shall open such proposals as may be made, in the presence of the President of the Senate and Speaker of the House of Representatives, on the first Tuesday after the first Monday of December, annually, provided a Speaker shall have been elected, or as soon thereafter as a Speaker shall be elected, and shall award the contract for furnishing all of said paper, or each class thereof as may be bid for, to the lowest bidder, whose sample, accompanying his bid, shall most nearly approximate to the quality of paper (size, weight, and texture all considered) advertised for by the said superintendent. The sample offered, with the bid accepted shall be preserved by the said superintendent, and it shall be his duty to compare therewith the paper furnished by the public contractor, and he shall not accept any paper from the contractor which does not conform to the sample preserved as aforesaid. It shall be the duty of the superintendent of the public printing to deliver the paper for the printing of the United States upon the requisitions of the public printer or printers, and to charge him or them therewith, and, as the printing is returned and passed by the said superintendent, he shall credit the public printer with the quantity used in the public service. It shall be the duty of said superintendent to lay the requisitions of the printer and the returns of paper by the printer balanced at least once in each year, and in default thereof to report the same to Congress for such proceedings as Congress may direct. In default of any contractor under this law to comply with his contract in furnishing the paper in proper time, and of proper quality, the superintendent is authorized to advertise for proposals, as heretofore provided, and award the contract to the lowest bidder, and for any increase of cost to the Government in procuring a proper supply of paper for the use of the Government, the contractor in default and his securities shall be charged with and held responsible for the same, and shall be prosecuted upon their bond, by the superintendent in the name of the United States, in the circuit court of the United States for the District of Columbia.

SEC. 5. *And be it further enacted,* That the public printer shall be required to execute each job of printing entrusted to him within thirty days from the date of its delivery by the superintendent, except bills, reports, and joint resolutions, which shall be returned as the Clerk of the House or Secretary of the Senate shall require, unless, for good reason shown, the superintendent of printing shall extend the time. And should the printer detain any matter longer than thirty days, a deduction of five per centum shall be made by the superintendent from the account of the printer, for such job, and an additional deduction of [illegible] cents per [illegible], for an additional detention of twenty days. If the public printer shall detain such matter for sixty days, the superintendent shall withdraw it entirely, and [illegible] to execute the same, with [illegible] terms provided by law, and [illegible] printer shall not be allowed [illegible].

SEC. 6. *And be it further enacted,* That the superintendent of the public printing shall not be directly or indirectly interested in the profits of the public printing, or in any material to be used by the public printer, or in any contract for furnishing [illegible] to any department or bureau of the Government of the [illegible].

[illegible]

United States. For any violation of this provision the superintendent of the public printing shall forfeit his office, and may be indicted before the district court for the District of Columbia, and, if found guilty, shall be confined in the penitentiary of the District of Columbia for any term not less than one nor more than five years, and in addition thereto may be fined in any sum from one thousand to ten thousand dollars.

SEC. 7. *And be it further enacted,* That when any document shall be ordered to be printed by both Houses of Congress, the entire printing of such document shall be done by the printer of that House which first ordered the same. And whenever the same matter is ordered printed by both Houses of Congress, the superintendent shall order the same document to be printed within three weeks of the same time, composition shall be charged but once for such document, and no sum shall be paid for altering the headings from the form in which the matter was first to the form of those in which such document may afterwards be printed.

SEC. 8. *And be it further enacted,* That there shall be elected a public printer for each House of Congress, to do the public printing for the Congress for which he or they may be chosen, and such printing for the executive departments and bureaus of the Government of the United States as may be delivered to him or them to be printed by the superintendent of the public printing. The following rates of compensation shall be paid for this, to the said printers, as may be ordered by Congress:

FIRST. For bills and joint resolutions—
For composition per page, [illegible] cents.
For presswork, folding, and stitching, for five hundred and [illegible] copies, thirty-two and a half cents per page; and at the same rates per page for any greater number not exceeding one thousand copies.

SECOND. For reports of committees and the journals of both Houses, with such forms and the executive documents of both Houses, embracing messages from the President, reports from the executive departments, bureaus, and offices, and documents and statements communicated therewith, with indexes, resolutions and other documents from State legislatures, memorials, petitions, treaties, and confidential documents for the Senate; for composition per page, octavo—
For small pica, one dollar.
For small pica rule, one dollar and fifty cents.
For brevier plain, one dollar and fifty cents.
For brevier rule, two dollars.
For nonpareil rule, three dollars and seventy five cents.

For the composition of tables larger than octavo size, per one thousand ems, seventy cents; but the page of octavo size shall contain not less than one thousand six hundred ems, which printed in small pica; and the body of all plain matter shall be so printed, except extracts, yeas and nays, and addenda, which shall be printed with brevier type.

All rule and figure work shall be printed in royal octavo form, with small pica, each page containing not less than one thousand six hundred ems, if the matter to be printed can be brought into pages of that size with that kind of type, so as to be read with facility and convenience. If it cannot, it shall be printed with brevier type, each page containing not less than two thousand eight hundred ems, and it cannot be brought into a royal octavo page with brevier type so as to be understood with facility, it shall be printed with nonpareil type, each page containing not less than four thousand two hundred ems; and when it cannot be brought into a royal octavo page with nonpareil type so as to be read with facility, it shall be printed with brevier type in broadside, showing the whole table at one view, and to be so filled that it can be bound in a royal octavo volume.

When matter is leaded, the composition shall be counted as if the matter were printed solid, and not leaded.

For presswork, folding, and stitching of royal octavo size—
For twelve hundred and fifty copies, thirty two and a half cents per page, and at the same rate for any greater number not exceeding fifteen hundred copies.
For presswork, folding, and stitching of each table larger than royal octavo size—
For twelve hundred and fifty copies, one dollar and twenty five cents per page, and at the same rate for any number not exceeding fifteen hundred copies.

The following deductions on account of folding and stitching copies reserved for binding, shall be made:
For royal octavo size, per page, for each hundred copies, one quarter of a cent; for each table larger than octavo, one quarter of a cent; and the following additional charge shall be allowed for trimming, folding, and stitching, and inserting each map, chart, diagram, or plat in the copies not reserved for binding, for every hundred copies, ten cents.

There shall be allowed for the presswork on treaties, reports, and other documents, when ordered to be printed in confidence, for the use of the Senate, at the following rates:

For the presswork, folding, and stitching of sixty five copies, six cents per page when of the royal octavo size, and one dollar per page, for sixty-five copies, when the matter cannot be comprised in the royal octavo page in any type hereinbefore specified; and in any work which may be made at the same rates for any greater number of copies than sixty five, and not exceeding one hundred.

THIRD. For tabular statements of the orders of the day, lists of yeas and nays, circular letters and miscellaneous printing ordered by Congress, not hereinbefore specified—
For composition for plain work, per thousand ems, fifty cents.
For rule and figure work, fifty cents per thousand ems.
For presswork, folding and stitching, one hundred copies, per page—
For royal octavo, or any smaller size, ten cents.
For quarto post, twenty cents.
For foolscap and any larger size, twenty cents.

But the following deductions shall be made from the presswork, folding and stitching, additional numbers to the number usually ordered by Congress of matter included in the foregoing specifications, to wit:
When the number ordered exceeds five thousand and does not exceed ten thousand, two per centum.
When the number exceeds ten thousand and does not exceed twenty thousand, five per centum.
When the number exceeds twenty thousand, forty per centum.

The presswork, folding and stitching of all printing not herein provided for, shall be done by the ream—the rates shall be two dollars per ream when printed on one side, and four dollars per ream when printed on both sides; when any amount less than one ream is ordered, it shall be counted and settled for as one ream.

SEC. 9. *And be it further enacted,* That the regular numbers of documents ordered by Congress shall be printed in octavo form, on paper weighing [illegible] fifty six pounds for every four hundred and eighty sheets, and measuring twenty four by thirty-eight inches, and the extra numbers shall be printed on paper weighing not less than forty five pounds for every four hundred and eighty sheets, and measuring twenty four by thirty-eight inches. The paper for any other species of printing ordered by Congress may be of such size and quality as the superintendent of the public printing may deem suitable and proper.

SEC. 10. *And be it further enacted,* That the public printer, or printers, may be required by the superintendent to work at night as well as through the day, upon the public printing, during the session of Congress, when the exigencies of the public service require it.

SEC. 11. *And be it further enacted,* That the same prices shall be paid for printing for the executive departments that are paid for printing for Congress, except for printing post-bills, which shall be printed on paper not less than sixteen by twenty six inches, and for printing on parchment. There shall be paid for printing the post-bills at the rate of one dollar per thousand sheets, and at the rate of ten dollars per thousand for printing parchments, but nothing shall be allowed for altering post-bills when the alteration consists in the mere change of a postmaster's name; and nothing herein contained shall prevent the heads of executive departments from employing printers out of the city of Washington to execute such printing for any of said departments as may be required for use out of Washington, when the same can be executed elsewhere as cheaply as at the rates herein specified, increased by the cost of transporting the printed matter to the State or States where such matter may be required for use in the public service.

SEC. 12. *And be it further enacted,* That a committee, consisting of three members of the Senate and three members of the House of Representatives, shall be appointed by the President of the Senate and Speaker of the House, to be called the Joint Committee on the Public Printing, which committee shall have power to decide between the superintendent of the public printing and the public printer in any dispute which may arise as to the propriety of the decisions of the superintendent in making deductions on account of work which the superintendent may refuse to receive, or which in his opinion, may not be done with proper despatch, as required by law; and the said committee shall pass upon the accounts of the superintendent of the public printing. Said committee shall have power to adopt such measures as may be deemed necessary to remedy any neglect or delay in the execution of the public printing; provided that no contract, agreement, or arrangement entered into by this committee shall take effect until the same shall have been approved by that House of Congress to which the printing belongs, and when the printing delayed relates to the business of both Houses, until both Houses shall have approved of such contract or arrangement. All motions to print extra copies of any bill, report or other public document, shall be referred to the members of the Committee on Printing from the House in which the same may be made.

SEC. 13. *And be it further enacted,* That all acts or joint resolutions conflicting with the provisions of this act are hereby repealed, but nothing herein contained shall be construed to authorize the cancelment of any contract now or heretofore entered into with any printer under the laws heretofore in force, or to abrogate the same in any way without his consent. Nothing in this act shall be construed to authorize the printing of the journals, but the same shall be done as may be provided by law hereafter.

☞ The time has not yet arrived when we deem it important to reply to the personal attacks of the Mercury, or to reveal its true history and character. As to its bold statement regarding the author of the communication in our paper of yesterday, signed "Bangor," we have to say that the Mercury labors under an entire misapprehension. Quite another gentleman is the writer of the article, and as for the article being paid for as an advertisement, it is only necessary for us to say that no pay was asked for the insertion of the article, nor for the article of the previous day, advocating the other side of the question. The subject of Rail-road enterprises is an open one for free discussion, and we have not yet concluded to shut from our columns every thought upon these enterprises which does not agree with our own conclusions.

☞ It is said that the largest tannery in Maine is at Detroit. It annually uses four or five thousand cords of Bark.

☞ Our fathers, fresh from the Revolution, declared *for American Independence*. Witness the preamble to the first Tariff, passed by the first Congress under the Constitution, approved by George Washington, July 4th, 1789, in these words:

"Whereas it is necessary for the support of government, for the discharge of the debts of the United States, *and the encouragement and protection of manufactures*, that duties be laid on goods, wares, and merchandize imported. Be it enacted," &c.

The preamble and act of July 4th, 1789, was the second Declaration of Independence, by Protection against Foreign Manufacture.

The whig platform and the whig party declare for American Independence by a Protective Tariff, just as our patriotic fathers did in 1789.

The loco platform declares against American Independence, by declaring against Protection; Franklin Pierce and the loco State Convention of New Hampshire in 1846, declared their belief that "the principle of protection is wrong;" and the British go for locofocoism and Franklin Pierce.

To Town Clerks, Constables and Post Masters.

There is great interest felt in the result of the election, in the state and out of it, and we urge you to send, by the first opportunity, the returns of representatives, and votes for Governor, Members of Congress, and the County ticket.

We shall telegraph our returns to Boston, and will send the earliest slips to those who oblige us with returns.

Cannot our friends in the several towns club together and have their returns carefully made up and forwarded to us immediately upon the close of the polls? If this is attended to promptly, the result in the State may be known in this city and circulated in the papers of Wednesday morning.

[From the Kennebec Journal.]

For some days past the fields in this vicinity, have been visited by immense flocks of birds of the kind called plover. We hear of their presence in every direction, and those who have taken them say they are extremely fat, and make excellent eating. These birds are supposed to be attracted by the unusual number of grasshoppers, upon which they feed and thrive astonishingly.

George Williams, Esq., who draws a very fatal trigger, has handed us the following description of them.

REMARKABLE FLIGHT OF BIRDS. On Thursday last, during a severe Southeast storm a number of birds, new to this part of the country, were discovered on the farms in this vicinity, and on Friday immense numbers of large flocks were observed passing over the city from the Northeast to the Southwest—and the flight continued nearly two days and nights. The width of the flight, as far as heard from, is at least sixty miles.

We heard a shrewd Yankee estimate the number, taking the number that flew over his house as a basis, at "a leetle more than ten thousand million." A few were brought in by the sportsmen, and are believed to be the black-breasted plover. These flocks were arranged in straight lines, like wild geese, and they emitted a noise like a whistle. Their weight will average five ounces; shape like a dove but with long curved wings—head and bill like a pigeon, with an oval white ring with an edging of black around the eye—feathers on the back, black, tinged with a yellowish green, on the breast, brown and white—long brown legs with but three toes—crops filled with grasshoppers and other insects. Who can tell what they are and where they come from.

NEW YORK, Sept. 6.

In the Supreme Court Judge Edwards rendered a decision on the application for a *habeas corpus* to discharge Messrs. Collyer and others from the arrest for murder on a warrant from Westchester County. The parties were subsequently admitted to bail in ten thousand dollars each.

The Mail Steamship Ohio left this morning for Aspinwall, with about 400 passengers for California, among them is Senator Gwin.

Further Particulars of the Accident of the Reindeer.

NEW YORK, Sept. 6.

Among the dead of the Reindeer are Rev. G. B. Williamson, A. W. Whipple of Lowell, and some 15 others, belonging to New York and the South. Among the saved are Levi Cooper and J. M. Whittier and wife, Boston; also D. T. Wolsey and wife, Kingsport.

Appointments by the President.

The following appointments, by the advice and consent of the Senate, were made during the last few days of the session:

Lazarus H. Read, of New York, to be Chief Justice of the Supreme Court of the U. States for the Territory of Utah, in the place of Sam'l Stokely resigned.

Henry Z. Hayner, of New York, to be Chief Justice of the Supreme Court of the U. States for the Territory of Minnesota, in the place of Jerome Fuller, rejected.

Charles F. Train, of Massachusetts, to be Associate Justice of the Supreme Court of the U. States for the Territory of Oregon, from the 18th day of December next, when the term of O. C. Pratt will expire.

L. Shaver, of Missouri, to be Associate Justice of the Supreme Court of the U. States for the Territory of Utah, in the place of Perry E. Brocchus, removed.

Consuls of the United States.—G. F. Upton, of Mass., for the port of Rio Grande, in Brazil, in place of H. L. Parham, resigned.

R. S. Cathcart, of Mass., at St. Catharines, in place of A. M. Ross, deceased.

Wm. McMullen, of Mass., for the Island of Zanzibar, in the place of C. Ward, resigned.

Wm. E. Hines, of R. Island, for the port of Mozambique.

F. W. Clark, of New Hampshire, for the port of Sydney, in New South Wales, in place of J. H. Williams, removed.

W. J. Trowbridge, of Conn., for the Island of Barbadoes, in the place of Wm. R. Hayes, resigned.

G. M. Farnum, of Mass., for Port Louis in the Isle of France or Mauritius, in the place of Wm. Carroll, removed.

WASHINGTON, Sept. 4.

President Fillmore left Washington last evening for the Berkley Springs. He was accompanied by the Secretary of the Navy and will be absent about a week.

Judge Conrad will be acting Secretary of State during the absence of Mr. Webster.

The following appointments of steamboat inspectors, under the new law, have been confirmed by the Senate: R. L. Stevens, New York; Hiram Barton, Buffalo; Davis Embro, St. Louis; Benj. Crawford, Pittsburg; John S. Gross, Louisville; John Murray, Baltimore, and Wm. Dale, Chicago.

Fire—Incendiarism.

We learn that at two o'clock on Wednesday morning of this week, a new gothic house just erected by H. F. Day, Esq., of Damariscotta, and not yet completely finished—was discovered to be in flames, and in spite of all efforts to prevent it, was burned to the ground. As no fire had been used in the building for any purpose, it is supposed to have been the work of an incendiary. The loss is estimated at $2000, and no insurance.—Rockland Gaz.

The Influence of Private Letters.

To the Editor of the Whig & Courier.

Standing in the Post Office avenue a few days since, I saw a young man, perusing with a smiling face, a letter he had just taken from the office. As I glanced at the page, the words "Dear brother" met my eye.—Here then was a letter from a "Sister." That smiling face was indicative of a smiling heart. "Home, sweet home," with all its hallowed associations were clustering around the heart, and crowding the memory, and venting themselves through the sparkling eye and animated countenance of that young stranger! *He* was not the only one that derived pleasure from that letter. Although I knew not a syllable it contained, further than that of "Dear brother," yet I felt that a kind and gentle influence was diffusing itself from its sacred page, that would tend to warm into new life and action the love of home and home joys. Here, thought I, is one of the strong bulwarks that surround and protect the multitude of young men that throng our city, from the snares and temptations that everywhere beset them. On the wings of every mail, is borne from every direction, the gentle admonition, and kind greetings of a virtuous sisterhood, backed by the strong warning voice and council of parental love.

I would that these messages of love were multiplied an hundred fold; and they *would* be so multiplied, if all were aware of the restraining influence they have on the minds and morals of young men. There are hundreds of this class who leave their pleasant homes in the country, where they have enjoyed from childhood, the society of virtuous females—mothers, sisters, friends,—who among strangers, scarcely know the luxury of a smile of recognition from a female. None but those who have experienced this desolation of heart, and longing for the hearty greeting of the home-circle, can fully realize the value of the friends they leave behind. Next to the real enjoyment of home itself, is that of a kind, familiar and constant correspondence, between its several members. This should never be neglected, or its consequences lightly considered. Let *sisters* especially, who have brothers floating on the wide sea of temptation, bear this in mind, that *their* restraining influence when properly directed, is almost boundless. How many young men who have wandered from their homes and become rough and uncouth in their manners for the want of the refinements of home, which are denied them among strangers, will speak with honest pride of their *pretty sisters* at home. Rough as they are, they would not disgrace their *sisters* by a dishonorable act.

Sisters, cherish your brothers then, as you would your own virtues. Throw around them the gentle restraining influence of sisterly affection, and especially, when absent from you, cheer them often with tokens of remembrance from your pen, and by so doing the smiling countenance of your happy brother may silently diffuse a ray of sun-shine to the heart of an unknown SPECTATOR.

A CARD.
MRS. WINSLOW TO THE LADIES.

Mrs. Winslow, an old and experienced nurse and Female Physician, would call the attention of the Ladies to her Soothing Syrup for Children teething. It will immediately relieve them from pain, allay all spasmodic action, soften the gums, reduce inflammation, and is sure to regulate the Bowels. Depend upon it Mothers, it will give rest to yourselves and relief and health to your children.

Price 25 cents per bottle.

We have sold very large quantities of Mrs. Winslow's Soothing Syrup during the past six years, several thousand the last year. We believe it the best medicine in the world for Children teething or for the cure of Dysentery and Diarrhoea in Children whether it arises from teething or any other cause. It gives universal satisfaction—never heard a complaint from any one using it—never sold a medicine so universally successful in relieving pain and affecting cures—relief is ABSOLUTELY SURE.

CURTIS & PERKINS,
Druggists, Bangor, Me.

Sold by Agents in nearly every town in the State.

Thousands have been cured, why may not you by the
Cramp and Pain Killer.

The world is astonished at the wonderful cures performed by the CRAMP AND PAIN KILLER, prepared by CURTIS & PERKINS. Its equal has never been known for removing pain in all cases; for the cure of spinal complaints, cramp in the limbs and stomach, rheumatism in all its forms, billious cholic, burns, sore throat, and gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine are on circulars in the hands of Agents—you may be positively *sure of relief* if you use it.

N. B.—Be sure and call for CURTIS & PERKINS' Cramp and Pain Killer. All others bearing this name are base imitations, and will deceive and injure the patient. Price 12½, 25, 37½ cts per bottle, according to size. Sold by Agents in nearly every town in the State.

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, *WASHINGTON.*

No. 22 State Street, Boston.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office, whereby *a Patent may be procured about six weeks earlier* than by the continuance to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions, and of consulting in respect to them, *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of sixteen years practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States; and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE, Late Commissioner of Patents.

A Life Saved!

THE life of George Buckmore, of this city, was saved from a premature DEATH by the timely use of DR. THOMAS G. BROWN'S

Spirits of Life,

Or Universal Cramp and Pain Killer.

This valuable medicine is the same that saved the life of Mrs. Mary Bragdon, of Carmel, some three years since, who was attacked with Cramp in the neck. All persons must be aware of the immediate danger arising from such attacks.

THIS MEDICINE was the first and only remedy that gave relief to Miss Cochran, of East Corinth, (daughter of Chauncey Cochran, Esq.) whose life was despaired of from the effect of an attack of Rheumatic Fever, June 27th, 1850. This was all accomplished by the use of Dr. T. G. Brown's Spirits of Life, or Universal Cramp and Pain Killer.

All persons who have made use of the Spirits of Life acknowledge it to be superior to any preparation bearing the name of Cramp and Pain Killer.

The genuine Universal Cramp and Pain Killer is prepared and sold, at wholesale and retail by the sole proprietor, THOMAS G. BROWN, Botanic Druggist, 45 Exchange St., Bangor.

BANGOR AIR-TIGHT COOKING STOVE!

THE best Cook Stove ever introduced to this or any other people. Having secured the sole agency of this very desirable Stove, I take great pleasure in offering it to my customers and the public. This Stove was invented expressly for this eastern market, by those experienced and expert Stove manufacturers Messrs. Eastes & Whittier, who know, and having studied the wants of this enlightened people. It is now offered to the public with the fullest confidence in its merits, and its superiority over every other Cooking apparatus ever introduced. Its conveniences for Boiling, Broiling, Frying, &c; are not surpassed, and its extensive and beautiful Oven for Baking and Roasting, will at once recommend itself to the Ladies. One very important feature is, the heavy stout and smooth castings and being manufactured in this city, can at any time be repaired, if ever necessary, at a trifling expense without subjecting one to wait for castings to be ordered from New York, Rhode Island, or elsewhere. Every Stove is warranted one year and if not giving entire satisfaction may be returned and the money will be refunded after 30 days trial.

—ALSO—

A great variety of other patterns of cooking Stoves, such as the

Our State, Bay State, Empire State, Granite State, State of Maine, &c.,

Cholera!

THE first features of the season for Bowel Complaints has appeared, and a few cases so nearly approaching Cholera as to be of a most frightful and extremely dangerous character have shown themselves. No medicine has ever yet been offered to the public which has been found to possess one hundredth part the worth of "HARDY'S CHOLERA PREVENTIVE, And effectual cure for Cholera Morbus, Dysentery and Diarrhea."

Cholera, in its first stages, has always yielded to it, and I will warrant it a sure, safe and speedy cure for the other complaints named—come to me and I will show the strongest proofs of the correctness of this statement.

PREMIUM
ESSENCE OF COFFEE.

ONE package at 12½ cents will save from 10 pounds of Coffee. Thousands of families not only of the poorer but also of the most genteel and richest and many of the first physicians of this city and of other places witness that Coffee mixed with this Essence is much wholesomer, more delicate, finely flavored, perfectly clear, and moreover, infinitely better than the best Java Coffee.

This Essence was awarded a silver medal by the American Institute of New York, also a premium by the Franklin Institute of Philadelphia, 1851, in both institutes the highest premium for such articles.

Lesage's Specific,

NEVER failing remedy for thoroughly eradicating diseases of the Urinary Organs, such as Gonnorrha, Gleets, Whites, Strictures, Stone in the Bladder, &c., and needs but to be once used to be universally esteemed. The proprietor would respectfully caution those troubled with the above annoying complaints to beware of those cure-every-things which unprincipled individuals, without the slightest knowledge of the structure of the human system, recommend for every disease. Lesage's Specific is only intended for the cure of Private Diseases, and the thousands that have sent their unsolicited certificates vouch for its efficacy, while the better it is known the greater is the demand for it. How different from the various quack medicines which, when the unhappy patient has once used, no inducement can ever make try again—Lesage's Specific has been the remedy depended on by every class, the senator, the lawyer, the mechanic, the seaman, and the dashing cyprian have all tried it and found it truly the good Samaritan in the hour of trouble.

Dr. Darby annexes extracts from some of his certificates:

U. S. Frigate Cumberland, 1851. I contracted a disease at Naples, and tried all the remedies suggested by the most experienced Surgeons without success. Lesage's Specific has restored to me the health I long despaired of.—J. W. W.

Louisville, Ky.—I have much pleasure in stating that Lesage's Specific has cured me of a plant of 22 months duration.—H. C. D.

Bangor, Me.—After having used two bottles I found myself cured of an old standing complaint in six days, and shall not fail to recommend you should I know of any troubled as I was.—John Brown.

Sold by RALPH H. DARBY, Apothecary, No 91 Broad street, Boston. Price $1,00 per bottle; two bottles $1,75.

Orders from the country, enclosing a remittance promptly attended to. A liberal discount made to Physicians, Apothecaries, Masters of Vessels and Expressmen.

Bigelow's Alterative.

A CERTAIN cure for DYSENTERY, DIARRHŒA, CHOLERA MORBUS, and all Summer Complaints. GEORGE W. BEECHER Proprietor, 98 Broadway, New York.

For children who are Teething, and Cholera Infantum, this medicine stands unrivalled. It may be used with perfect safety both by old and young, and when faithfully administered it has never been known in any case to fail of a speedy cure. Unlike other medicines, it corrects the bowels, and often in a few hours the patient is restored to his accustomed vigor and health.

We append the following testimonials:

I have used "Bigelow's Alterative" in my family, and have never found it to fail, when all other remedies administered by and under direction of Physicians have proved ineffectual. I think it a perfect corrective for Dysentery and all Bowel complaints.

GEO. W. BEEBEE, 47 Wall st.

New York, March 22, 1852.

We can add our testimony to that of others of its great efficacy in our own case, when prostrated to an alarming degree by bowel disease. It was the only medicine that gave relief, and one now always kept in the family.

Editor of the N. Y. Baptist Register.

Utica, April 16th, 1852.

"Bigelow's Alterative" advertised in another column of our paper, is probably, the best cure for Dysentery, Diarrhœa, &c., that has ever yet appeared. We seldom make a point of extolling patent medicines, and for the very good reason that most of them are entirely undeserving of praise; but we have it on such reliable and respectable authority, that the above "Alterative" is all, and more than all it professes to be, that we cannot do less than make mention of it in this way to our readers. All that we ask of the most incredulous in such matters is, to read the Certificates embodied in the advertisement, and then, judging from the high standing of the parties (who are thus made, promptly and publicly to certify,) candidly to say whether a remedy so endorsed, is worthy of attention or otherwise. We have more to say of this remarkable preparation.

Editor of Rahway, N. J., Advocate and Register.

TO PHYSICIANS
—AND—
THE AFFLICTED!

I HAVE received this day a new supply of GOLBERGER'S
Galvano-Electric Chains,

which are recommended by all the first Physicians in Europe, as the certain remedy for Gout, Rheumatism and Nervous Complaints. What our eminent Physicians, Dr. Wm Wagenhoeft, Dr. C. F. Hoffendahl, Dr. John Bernstil, and Dr. John Eshol, in Boston, Dr. John Vandenburg in New York, Dr. McMahon, in Baltimore, etc, have proved by experience. More than 1000 testimonials of above Physicians, which are confirmed by the government of Berlin, may be read in the different languages at my Agents. All persons afflicted are respectfully invited to call on my Agents and satisfy themselves personally, of the truth of these statements.

I recommend these Chains to all afflicted, as there are daily new and extraordinary cures effected by them.

The genuine Galvano-Electric Rheumatism Chains of Goldberger, are to be obtained of the following Agents.

I teach how to remove tan, pimples and freckles.
I teach how to change the sallow face into one of beauty.
I teach how to make the wrinkled skin smooth.
I teach how to make brown teeth as white as pearls.
I teach how to make offensive breath perfectly sweet.
I teach how to make hard, brown hands soft and white.
I teach how to make diseased gums hard and sound.
I teach how to make the hair grow luxuriantly.
I can hasten the growth of whiskers, mustachios, &c.
I teach how to have bright and sparkling eyes.
I teach how to preserve the eyesight for life.
I teach how to restore impaired eyesight.
I teach how to change gray to its original color.
I teach how to change the color of the hair as desired.
I teach how to make the hair soft, rich and glossy.
I teach how to make the lips and cheeks red.
I teach how to remove superfluous hair.
I know that they are all perfectly harmless.
I know they are all very cheap and pleasant.
I know every person will take them on trial.
I give directions to make and use these compounds.
I know they are better than any advertised cosmetics.
I ask ONLY ONE DOLLAR for all this information.
I receive all letters unless post paid.

Address and send to M. LAVASSE, French Chemist, 104 Nassau Street, corner of Ann, New York—he will send the work by mail or otherwise.

PROOF CERTIFICATES

Copies of Letters received by the Agent of M. Lavasse.

From Miss A. L. Bennet, of 31 East Broadway, N. Y.

"The Recipes contained in M. Lavasse's Secret of Beauty are excellent. The directions for removing freckles are tip top, so also are the instructions about the teeth and gums."

From Mrs. Sarah Lyon, 62 Houston St. N. Y.

"M. Lavasse's instructions about making the skin fair and smooth, are excellent. I speak from my own experience. I am now over 50 years of age, and my skin had become quite sallow and wrinkled. I tried M. Lavasse's system and remedies as printed in his Secret of Beauty, and now my skin is quite fair and smooth."

From Mrs. J. M. Agar, 205 Bleecker St.

"I must recommend M. Lavasse's directions for Sweetening the Breath and Beautifying the Teeth. They have been adopted in my family with astonishing success."

From Mr. H. L. Smith, 2?? Grand St. N. Y.

"I have tried Mr. Lavasse's plan for hastening the growth of Whiskers, Hair, &c. The directions he gives in his Secret of Beauty, are worth a fortune to all who want whiskers, &c."

Mr Stephen Stewart, of Newark, New Jersey, says that his eye sight has been greatly improved by adopting M. Lavasse's directions and treatment for weak eyes. His friends have also tried the system with great benefit.

From Col. S. T. Sanford, 31 C[illegible] St New York.

"I have been trying your instructions for coloring the hair, and have met with more than I hoped for. The Secret of Beauty is worth hundreds of dollars to all who want the hair colored."

From Miss Kate Townsend, Waverly Place, New York.

"The directions M. Lavasse gives for removing superfluous hair are the best I ever tried. It is far better than any depilatory powders I know of."

M. Lavasse could fill a large book with testimonials in favor of his different plans for improving the appearance, preserving the teeth, hardening the gums, &c. &c. His work is the most popular thing ever printed. All ages, classes and sexes unite in its praise. He is selling thousands of copies of his work every month.

☞The work called the Secret of Beauty gives directions for making and using the different articles advertised. M. Lavasse does not prepare them for sale. It would take up too much time and attention, and his vast correspondence! You can send the money by mail for the work (one dollar). There is no danger of its being lost. On receipt of the dollar the Secret of Beauty is sent by mail sealed up like a letter, and all letter postage.

Inducement to Clubs.—To accommodate neighborhoods, eight copies will be sent for FIVE DOLLARS. Beware of imitations. Address as above.

No person can sell this work without written authority from M. Lavasse.

AGENTS WANTED.

Active persons of either sex can make money by selling this little work. Terms liberal. M. LAVASSE, French Chemist, 104 Nassau Street, New York.

THE ROAD TO HEALTH!
HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851.

To Professor Holloway,

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack, and the speedy cure, I think, speaks much in favor of your astonishing Pills.

(Signed) R. W. KIRKUS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the 1st March, 1851, by Major J. Walch.

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months, which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town, and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement.—August 24, 1851.

To Professor Holloway,

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means, comparatively active, and can take exercise without inconvenience or pain, which I could not do before.

H. [illegible] COE, North street, Lynn, Norfolk.

These celebrated Pills are wonderfully efficacious in the following complaints.

Ague, Asthma, Bilious Complaints, Blotches on the Skin, Bowel complaints, Colics, Constipation of the Bowels, Consumption, Debility, Dropsy, Dysentery, Erysipelas, Female Irregularities, Fevers of all kinds, Fits, Gout, Head-ache, Indigestion, Inflammation, Jaundice, Liver Complaints, Lumbago, Piles, Rheumatism, Retention of Urine, Scrofula, or King's Evil, Sore Throats, Stone and Gravel, Secondary Symptoms, Tic Doloreux, Tumours, Ulcers, Venereal Affections, Worms of all kinds, Weakness, from whatever cause, &c. &c.

Sold at the Establishment of Professor HOLLOWAY, 244 Strand, (near Temple Bar,) London, and by all respectable Venders of Patent Medicines throughout the British Empire, and by those of the United States, in Pots and Boxes at 37½ cts., 87 cts. and $1,50 each. There is a very considerable saving by taking the larger sizes.

Wholesale by the principal Drug Houses in the Union, and by
